**Email:** [Tinam.evans@crit-nsn.gov](mailto:Tinam.evans@crit-nsn.gov)

According to the Centers for Disease Control, the Coronavirus Disease 2019 (COVID-19) is a respiratory illness that can spread from person to person. Coronavirus was first identified during an investigation into an outbreak in Wuhan, China. COVID-19 is spreading from person to person in parts of the United States.

We are working with the Parker Indian Health Services and multiple CRIT Departments and agencies to educate our Health Care Facilities, First Responders, Tribal Departments, Tribal Enterprises and our CRIT Community with preventative measures that can be taken now.

The Parker Indian Health Center and CRIT are following the information provided by the Centers for Disease Control (CDC). For more info please check [www.cdc.gov](http://www.cdc.gov). Attached are flyers from the CDC website with information that can answer questions you may have:

- What is the Coronavirus?
- How does it spread?
- What are the symptoms?
- How can I protect myself?
- and more.

This information has been posted on our CRIT Social Media sites. If you still have questions or are unable to access the CDC website or social media, you can call the **Parker Indian Health Services at 928-669-2137** or the **La Paz County Public Health Emergency Preparedness office at 928-669-9364** with your questions regarding the coronavirus also known as COVID-19.

Thank you.

A handwritten signature in black ink, appearing to read "Tina M. Evans".

Tina M. Evans
