CONSTRUCTION OF WELL NO. 5 AND WELL NO. 6

REQUESTS FOR INFORMATION (RFI) AND RESPONSES

Please be advised that the following questions have been submitted and are being answered for the subject project:

1. **May the contractor dispose of mud at the site designated at yesterday's meeting?**
A: See Addendum #2.
2. **Pads will need to be made at each location but can you confirm that there is no standard to which they must be built? It was mentioned that only the minimum to that desired by the awarded contractor. If a pad is built, will the contractor need to remove it after the project?**
A: See Addendum #2.
3. **What is the tax rate of the tribe? Are taxes to be included or will they be added to each invoice?**
A: See Addendum #2. Only items identified in the Bid Table shall be invoiced in accordance with the contract documents. All other fees shall be incidental to the cost of the work.
4. **What is the rate that the Tribe charges for the purchase of water?**
A: See Addendum #2.
5. **Are any permits required of the bidders?**
A: See Addendum #2.
6. **Are there any flagging or lighting requirements due to the proximity of the airport?**
A: Based on the anticipated height of the CONTRACTOR drill rig and the proximity of the project wells to the Avi Sequilla Airport, the project requires that the Federal Aviation Administration (FAA) complete an Obstruction Evaluation/ Airport Airspace Analysis (OE/AAA). The OWNER'S CONSULTANT has initiated this request. The anticipated timeframe for FAA to complete its Aeronautical Study is approximately 3-weeks. This study will be done concurrently with the advertisement and award. It's unlikely that any additional requirements for flagging or lighting will be needed.

7. **In the event that a contractor is not available within the 'start within 60 days of the bid opening'... is there a place on the bid form to designate earliest anticipated start date?**

A: No. There is no change to this requirement to begin the performance period in accordance with the contract documents.
